

From the Principal

Dear Crooms Academy Families,

Welcome to Crooms Academy of Information Technology where we are Rich in Tradition, Pride, and Vision! Incredibly, it is time to prepare for the beginning of the 2018-2019 school year. I look forward to welcoming our students back for what we expect will be a successful academic year.

New Technology Fee and Laptop Insurance Payment Method

This year, we are excited to announce you can use MySchoolBucks® to pay Technology Fees and Laptop Insurance in advance of the Orientation Meetings. Using the MySchoolBucks® "School Store" section to pay in advance will streamline the laptop pick up process. In the past, our returning families remember standing in long lines to pay these fees with cash or check the day of laptop pick up. Thanks to MySchoolBucks® this long line is now in the rear view mirror!

Starting July 1, 2018, you may log in to MySchoolBucks® to make your technology payments.

If your student attended school within SCPS last year, you may use the same MySchoolBucks® account used for school lunches.

The fee schedule is as follows:

- Laptop Insurance: \$21
- Technology User Fee: \$31

Laptop Insurance covers replacement of the laptop in the case of loss or irreparable damage with a \$100 deductible rather than the full cost of the laptop at \$1,500. The Technology User Fee assists our academy in covering the cost of replacement parts for laptops as well as the software licensing fees for the programs imaged to our student laptops.

2. Add your students using their school name and student ID.
3. Make a payment to your students' accounts with your credit/debit card or electronic check.

MySchoolBucks® allows you to view recent purchases, check balances, and set-up low balance alerts.

Grade 9

Parents

- Check eCampus and Skyward 2-3 times a week.
- Secure a quiet place, free from distractions for your child to study at least one hour per night.
- E-mail is the most effective way to contact your child's teachers. Teachers have 24 hours to respond to your questions or concerns.
- You are in charge of your child's laptop. If you feel they are not using the laptop appropriately, you have the authority to limit or remove the privilege of its use.

Students

- Important information is frequently sent to your Office 365 e-mail account (school e-mail). Please be sure to check this account daily.
- Your GPA (Grade Point Average) begins the first day of school and updates at the end of each semester.
- BEST ADVICE: complete all assignments and submit them on time.
- Take advantage of staying after school to meet with your teacher, available tutoring, and retaking tests whenever possible.
- Attend school daily.
- Do not misuse your laptop in any manner.
- Your parents paid the user and insurance fees for your laptop. They have the authority to determine how much time you spend on your laptop.

Grade 10

- Continue preparing for college this year by focusing on your GPA.
- College admission officers will pay the closest attention to your GPA, class rank, college credit, AP courses and scores on the SAT or ACT.
- Participate in activities that require time and effort outside of school such as volunteer work. The Student Services section of the Crooms AOIT website has the necessary volunteer work forms.

Grade 11

- Take the PSAT for National Merit consideration
- Focus your attention on improving your GPA by spending at least two hours each night on homework.
- Begin searching for colleges through Campus Tours, www.campus-tours.com, online or in person to further narrow your list of colleges to match your personality, GPA, and test scores.
- Take the SAT on school campus which is offered one day per semester. The SAT is free to students. Sign up and register for the ACT and pay to take on a weekend.
- Explore your career options at <https://www.floridashines.org/find-a-career/plan-your-future>.

Grade 12

- Take the SAT on school campus which is offered one day per semester. The SAT is free to students. Sign up and register for the ACT and pay to take on a weekend.
- Compose your college entrance essay.
- Choose 4 or more universities / colleges you are most interested in attending.
- Record the requirements and deadlines of each of your choices.
- Give recommendation forms to the appropriate teachers or counselors and include stamped, college-addressed envelopes. Make sure your portion of the forms are filled out completely and accurately.
- Check your Bright Futures eligibility status at: <https://www.floridashines.org/go-to-college/pay-for-college>.

Bright Futures Scholarship

The Bright Futures Scholarship Program is the umbrella program for Florida's three state-funded scholarships based on academic achievement of high school student—the Florida Academic Scholars Award, the Florida Merit Scholars Award, and the Florida Gold Seal Vocational Scholars Award. **The criteria for the three scholarship awards within the Bright Futures Scholarship program has increased.** This information is available at the following website: <http://www.floridastudentfinancialaid.org>. Parents, please talk with your students about the grades and community service they need in order to be eligible for Bright Futures.

Schedule Changes

Registration for classes is a serious process for all students. Once students sign up for classes, they are committed. Based on Spring registration, some classes are not offered, others expanded, and teachers appointed. Schedule changes are often impossible to make. If a change is absolutely necessary, students may request a schedule change during schedule pick up. Schedule changes are made only for the following reasons:

1. Seniors must add a course required for graduation.
2. Student already has credit for the course.
3. Student does not meet course prerequisites.

Literacy News

One Book, One School Initiative

Our One Book One School (OBOS) events this year were great! There was a girls vs boys challenge of win Minute-to-Win-it games, much like Meg and Calvin's Challenges in *A Wrinkle in Time*. The ladies were victorious! The Unwind party was just that- a time to unwind and chill with Pizza and sodas. Luckily, our students did not worry about being sent to be unwound themselves.

Don't be left out next year- Read the books, take the quizzes, join the party!

Didn't have time to read those two great novels this year? Summer is a great time to catch up on reading for pleasure! Create a list of must read books, sit back in a comfy chair, hammock or on the beach, grab a nice cool glass of water and read away!

And, while you're at it, add the OBOS fall novel to your list to get a head start on it now!

Coming Fall 2018 – One Book - One School presents *Abraham Lincoln, Vampire Slayer* by Seth Grahame-Smith

While Abraham Lincoln is widely lauded for saving a Union and freeing millions of slaves, his valiant fight against the forces of the undead has remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon *The Secret Journal of Abraham Lincoln*, and became the first living person to lay eyes on it in more than 140 years.

Using the journal as his guide Seth has reconstructed the true life story of our greatest president for the first time-all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

Join us on this fanciful adventure!

The Reading Counts Challenge

At Crooms, all students have Scholastic Reading Counts access and are encouraged to read any book and take the corresponding quiz in the Reading Counts program. The goal for every student is to reach the 100 point level by the second semester. There are prizes and awards for our top scorers given each nine weeks.

Summer Reading Assignments

Every Crooms student is expected to complete a summer reading assignment for English, as well as AP Physics, AP US Gov., AP Environmental, and AP US History- due at the beginning of school. Check out our website for the book selections and assignments at croomsaoit.org and look under announcements.

Let's Read Seminole!

Learn more about Seminole County's summer reading at <https://www.scps.k12.fl.us/district/departments/lets-read-seminole>. Students have access to digital eBooks. Visit the SCPS library Overdrive site at <http://seminole.lib.overdrive.com> or the public library site at <http://semcofl.lib.overdrive.com>. Use your student ID or public library card to "borrow" books and add to your bookshelf.

Attendance News

Medications

If your student needs to have either prescribed or over-the-counter medication given by school personnel during the school day, state law and school board policy require that you and your physician provide written authorization for administration of both prescription and over-the-counter medication. These required forms can be obtained at the front desk in the lobby.

Bus Transportation

Make sure the address in Skyward is correct so that the SCPS Transportation office uses the most recent address. Bus stops for Crooms are not placed at the same location as stops for in-zone students but are placed to be central to all the students in an area. Students may also experience longer bus rides due to the greater distances involved. Crooms does not create the bus routes nor do we have the authority to make changes in assigned bus stops. To request the change of a school bus stop, you must complete the Transportation Request Form which can be found on the Crooms website and return it to the attendance office. The request will then be reviewed by a member of the SCPS Transportation Routing Department and you will be contacted by them as to its approval.
